ABPS Technology Acceptable Use Agreement

Safe and responsible online behaviour Respectful and responsible use of shared devices

When I use digital technologies, I communicate respectfully by:

- Always thinking and checking that what I write or post is polite, respectful and relevant
- Being kind to my classmates and thinking about how the things I say or do online might make them feel
- Not sending mean or bullying messages or forwarding them to other people

When I use digital technologies, I protect personal information by:

- Knowing not to post 3 or more identifiable pieces of information about myself. I am aware that my full name, photo, birthday, address and phone number is personal information and not to be shared online
- Protect my friends' information in the same way
- Protect my passwords and don't share them with anyone except my parents
- Only ever join online spaces with parents or teachers' guidance and permission

When I use digital technologies, I demonstrate that I can be respectful, responsible and achieve my personal best by:

- Creating and presenting MY OWN WORK, not copying and pasting. If I copy something from online, I let my audience know by sharing the website link to acknowledge the creator
- Remain on-task at all times. I show integrity in following the instructions my teacher has provided. I understand that off-task use of devices will result in an alternative task being assigned
- Handling all devices with care and following the school device management guidelines
