Our innovative, collaborative and inclusive culture empowers and supports every learner.

Semester 1 Parent and Community Information Sessions

At Avoca Beach Public School we believe families and the school share responsibility for student learning and wellbeing. We value working together to create positive attitudes to learning, develop shared understandings of how children learn and build families' capacity to support learning at home.

In acknowledgement of our families as partners in their children's education, we are offering a range of parent information workshops about various school-wide programs, to help build on the capacity of families to assist and encourage their children's learning in and out of school.

Parents and community members are warmly invited to join us at all or any of the following sessions, which are being presented by members of our School Executive and Teaching Teams.
